

AGED HAITIAN PRESIDENT NORD ALEXIS DEPOSED

Mob Makes Demonstration as He is Hurried Aboard French Warship

Gen. Legitime Named Successor---Insurgent Leader Gen. Antoine Simon Marches Victoriously Into Capital With 5,000 Troops.

Port-au-Prince, Dec. 3.—President Nord Alexis has been deposed and is now safe on board the French training ship Duguay Trouin, and Port-au-Prince is in the hands of the revolutionists. General Antoine Simon, the leader of the insurgents, is marching up the peninsula with an army of 5000 and a new president, General Legitime, has been proclaimed.

At the last moment President Alexis yielded to the urging of those about him and decided to take refuge aboard the French warship. At precisely 5 o'clock, last evening, a salute of 2 guns announced his departure from the palace. Thousands had gathered there early in the day and they had surged around the entrance, threatening to tear down the walls to drive out the president and his loyal followers. As the hours passed, shouting for him to leave the country. They mob was armed and men and women, beside themselves with rage, heaped curses on the head of the aged man who had been deposed from the presidency, but who had fiercely expressed his determination to fight to the last.

So serious was the situation that the French minister, M. Carteron, and other foreign representatives, together with members of a special committee, forced themselves upon the president, who finally consented to withdraw. Shouts greeted him as he stepped from the precincts of the palace and into a carriage, which had been provided. M. Carteron, carrying the French tricolor, sat beside him and the minister threw the folds of the flag over the shoulders of the deposed president to protect him.

An immense crowd of men and women had assembled at the wharf and the arrival of the presidential carriage, escorted by a battalion of infantry and a squadron of cavalry, under command of General Hippolyte, was the signal for wild tumult and riot.

All along the route the people who lined the streets, shouted, jeered and cursed at the fallen president, but when the landing stage was reached, the mob lost all restraint. The scene was tragic and shameful. Infuriated women broke through the cordon of troops and shrieked the coarsest insults into the very face of the president, who strove bravely to appease them, who strove bravely to appear undismayed.

They tried to hurt themselves upon Alexis and fought with hands and feet against the soldiers, who found difficulty in forcing them back. In order to disengage him, the troops discharged their guns, several shots being fired. During this time, a space was cleared and Nord Alexis, with the French colors draped about him, was hurried aboard a skiff in tow of a steam launch, his suite tumbling into the skiff after him. As the launch drew away, three Haitian gunboats and the French and American warships in the harbor fired a salute to the fallen president.

Just as Nord Alexis was embarking a woman succeeded in reaching his side, and drawing a murderous knife, made a sweep at his body. The blow

fell short, however, and before the woman could follow it up with another, she was seized by a soldier. A man succeeded in striking the president with his fist, but the blow was a glancing one on the neck. Nord Alexis turned to M. Carteron and shaking his head, said, "I told you so your excellency."

NEW TAXES TO BE RAISED TO SUPPLY LOST SALOON TAX

Columbus, O., Dec. 3.—Declaring that new sources of revenue would have to be found for the state because of the prospective loss occasioned by the wholesale retirement of saloons under the local option law, Representative George W. Bowers of Pickaway county, came here yesterday to meet with other members-elect of the new general assembly.

At the recent election held in his county the drys were victorious, and on that account the finances of the county seat—Circleville—and the county at large will be reduced to such an extent as to create a problem in government.

Mr. Bowers, who is a farmer, has secured a copy of the proposed Alabama law, which imposes a tax upon professions, merchandizing and other forms of trade, but has not yet determined upon what action he will take regarding it.

"It is too early to commit one's self in this matter," he said. "My proposition is to have the members interested come together and look over the field in general and then construct a measure that will be likely to receive general support when introduced."

"It may be that a general increase in the tax duplicates of the various counties may be the solution of the question. There is no mistaking the fact, though, that the general assembly will have to take some steps looking towards the relief of a number of counties which have been crippled by this law."

Representative Bowers will be here several days. He has been in correspondence with a number of the members and expects them to come here during the week. The Anti-Saloon League officials say that the Alabama professional tax bill is an electioneering fake.

HORSE KICKS CHILD TO DEATH

Marysville, Dec. 3.—Gerald Southard, the 3-year-old son of Milton Southard, a farmer of York township, was kicked to death by a horse yesterday, dying in convulsions a few hours after the accident. The child was playing in the barnyard and after being kicked walked across the lot, but soon began vomiting and convulsions set in and death relieved him.

CATHEDRAL AT ST. PAUL, MINN. COST \$4,500,000

St. Paul, Minn., Dec. 3.—After a year and a half of active construction it is officially announced that the new Catholic cathedral of St. Paul will cost when completed, \$4,500,000, but this cost covers only the bare structure with rough plastered walls, destitute of the rich interior ornamentation, and furnishings which will be given the huge structure later.

It is not hoped that within a dozen years the building will be actually complete in all its minor details. An official connected with the construction, remarked when questioned that a cathedral is never complete and that its interior embellishments will be increased and refined for probably a century to come.

The year and a half of continuous labor which has already gone into the edifice has resulted only in the completion of the foundations and of the stonework to the level of the first floor. This has required \$330,000. The structure is being built for solidity and permanence rather than with cost in mind. The walls are in many places twenty feet in thickness.

The Rev. Wm. H. Roberts is chairman of the council, and prominent among the 400 or more delegates are Bishop E. R. Hendrix, the Rev. J. Wilbur Chapman, the Rev. Wm. C. Doane, the Rev. John B. Devins, the Rev. Wayland Hoyt, the Rev. B. F. Fullerton and the Rev. Henry A. Butts.

ASCENDS THE THRONE

BABY EMPEROR BECOMES THE RULER OF CHINA UNDER NAME OF HSUAN TUNG.

Tenderly Cared for By Nurses During Ceremony—Amnesty Is Granted to Criminals.

Pekin, Dec. 3.—The strict mourning which has been observed in this city since the death, a fortnight ago, of Emperor Kuang-Hau and the dowager empress of China, was suspended long enough to permit the accession to the throne of the baby emperor, Pu Yi, who becomes a ruler of the kingdom under the name of Hsuan-Tung.

The function began by the princes of the imperial family and the high officials of the empire kowtowing to the memorial tablets of their late majesties. After this they all kowtowed in turn to Pu Yi. Pu Yi then offered a sacrifice before the tablets of the emperor and the dowager empress. After this he was relieved of his dress of mourning and clad with much care in a diminutive imperial garment embroidered with the imperial dragon. His nurses performed this duty with great attention and care.

Thus arrayed the tottering emperor ascended the throne amid a fanfare of drums, bells and firecrackers. He made his way alone and showed no need of assistance that willing hands would have given him had his little feet faltered. From the throne Pu Yi kowtowed to his stepmother, the Dowager Empress Yehonai. He then received the kowtows, while still on the throne, of all the princes and officials present. This over, he descended from the throne and was again clad in his little dress of mourning.

The edict setting forth the accession of Pu Yi to the throne and granting amnesty was carried with much ceremony to the throne hall. In addition to granting amnesty for certain specified offenses, the edict rewards all the imperial princes, princesses and dukes; it promotes all officials by one degree and bestows honors on their parents. It erases the demerits entered against minor officials; advances the degree of scholars; dismisses all pending petty criminal cases; excuses certain liabilities; and grants bounties to the soldiers in the service of the empire.

WIDOW

Seeks Law's Aid and Enjoins Persistent Savior From Making Love To Her.

Toledo, O., Dec. 3.—A believer in the maxim that faint heart never won fair lady, William C. Ragan made love to Mrs. Elsie Smith, a widow, so persistently that yesterday afternoon Judge Brough granted a temporary injunction asked for by Mrs. Smith, which enjoins Ragan from lavishing on her his unwelcome attentions. Mrs. Smith asks that after a hearing the court forever enjoin Ragan from courting her.

In her petition, the widow says that for two years, Ragan has forced his attentions upon her and refused to accept her dismissal. Although she told him he was distasteful to her, she says by sheer persistence he induced her to accompany him to theaters. The climax came Sunday. He called upon her and when ordered to leave, threatened to kill himself. She gave him \$100 to promise not to do himself bodily harm, then stopped payment on the check.

DOCTOR

Placed Under Arrest on Poisoning Charge

IS PROMINENT CITIZEN

Accused of Death of Wife and of Another Man

Indictment Result of Attempt to Collect Life Insurance from Fraternal Orders.

Benton, Ill., Dec. 3.—Dr. B. F. Brayfield of Mulkeytown, Ill., was indicted here on charges of murder and forgery growing out of the deaths of his wife and Reuben B. Parrish, in that town, and the subsequent efforts of Brayfield and Mrs. Parrish to collect life insurance from fraternal orders of which the deceased persons were members. Dr. Brayfield has long been one of the most prominent practitioners of southern Illinois.

Dr. Brayfield was placed under arrest soon after the bench warrant was issued. Application for bail will be made today.

Dr. Brayfield is charged with poisoning Parrish, who was the agent of the Illinois Central railroad at Mulkeytown. On the day that Parrish died, Mrs. Brayfield became ill. She was attended by her husband until March 15, when she died.

Parrish's death occurred March 11, and Dr. Brayfield, who had attended him, issued a death certificate assigning natural cause for death.

The indictment for forgery alleges that the physician, without warrant, signed the name of Isham Harrison, justice of the peace, to the affidavit on the death certificate. When Mrs. Brayfield died, another "natural death" certificate was issued by the doctor. No inquest was held in either case.

Shortly afterwards Brayfield applied for the payment of an insurance policy for \$2,000, which his wife carried in the Royal Neighbors of America. When Mrs. Parrish asked for the principal of a \$1,000 policy which her late husband had in the Modern Woodmen of America.

Special counsel for the fraternal orders investigated both cases and not only withheld payment on the policies but laid certain facts before W. P. Seebor, state's attorney for Franklin county. The grand jury investigation and indictment followed. Mrs. Parrish is in Sparta, Ill.

No mention of Mrs. Brayfield's death was made in the indictment.

MRS. PARRISH IS SURPRISED.

St. Louis, Dec. 3.—A special to the Post Dispatch from Sparta, Ill., says: Mrs. Reuben F. Parrish expressed surprise when informed that the grand jury in Benton was investigating her husband's death. She said:

"My husband died a natural death 10 months ago. He had been an invalid for a long time and today is the first time I have heard it hinted that he died of poison. He left \$1,000 life insurance. Half of it was for our baby and the other half was mine. I left Mulkeytown, not because of any scandal, but because I wanted to come back to Sparta to live with my mother."

Mrs. Parrish said her husband's body was interred at Richview, Ill., and that so far as she knew there had been no effort to have it exhumed to search for poison in the body.

COURT HOUSE

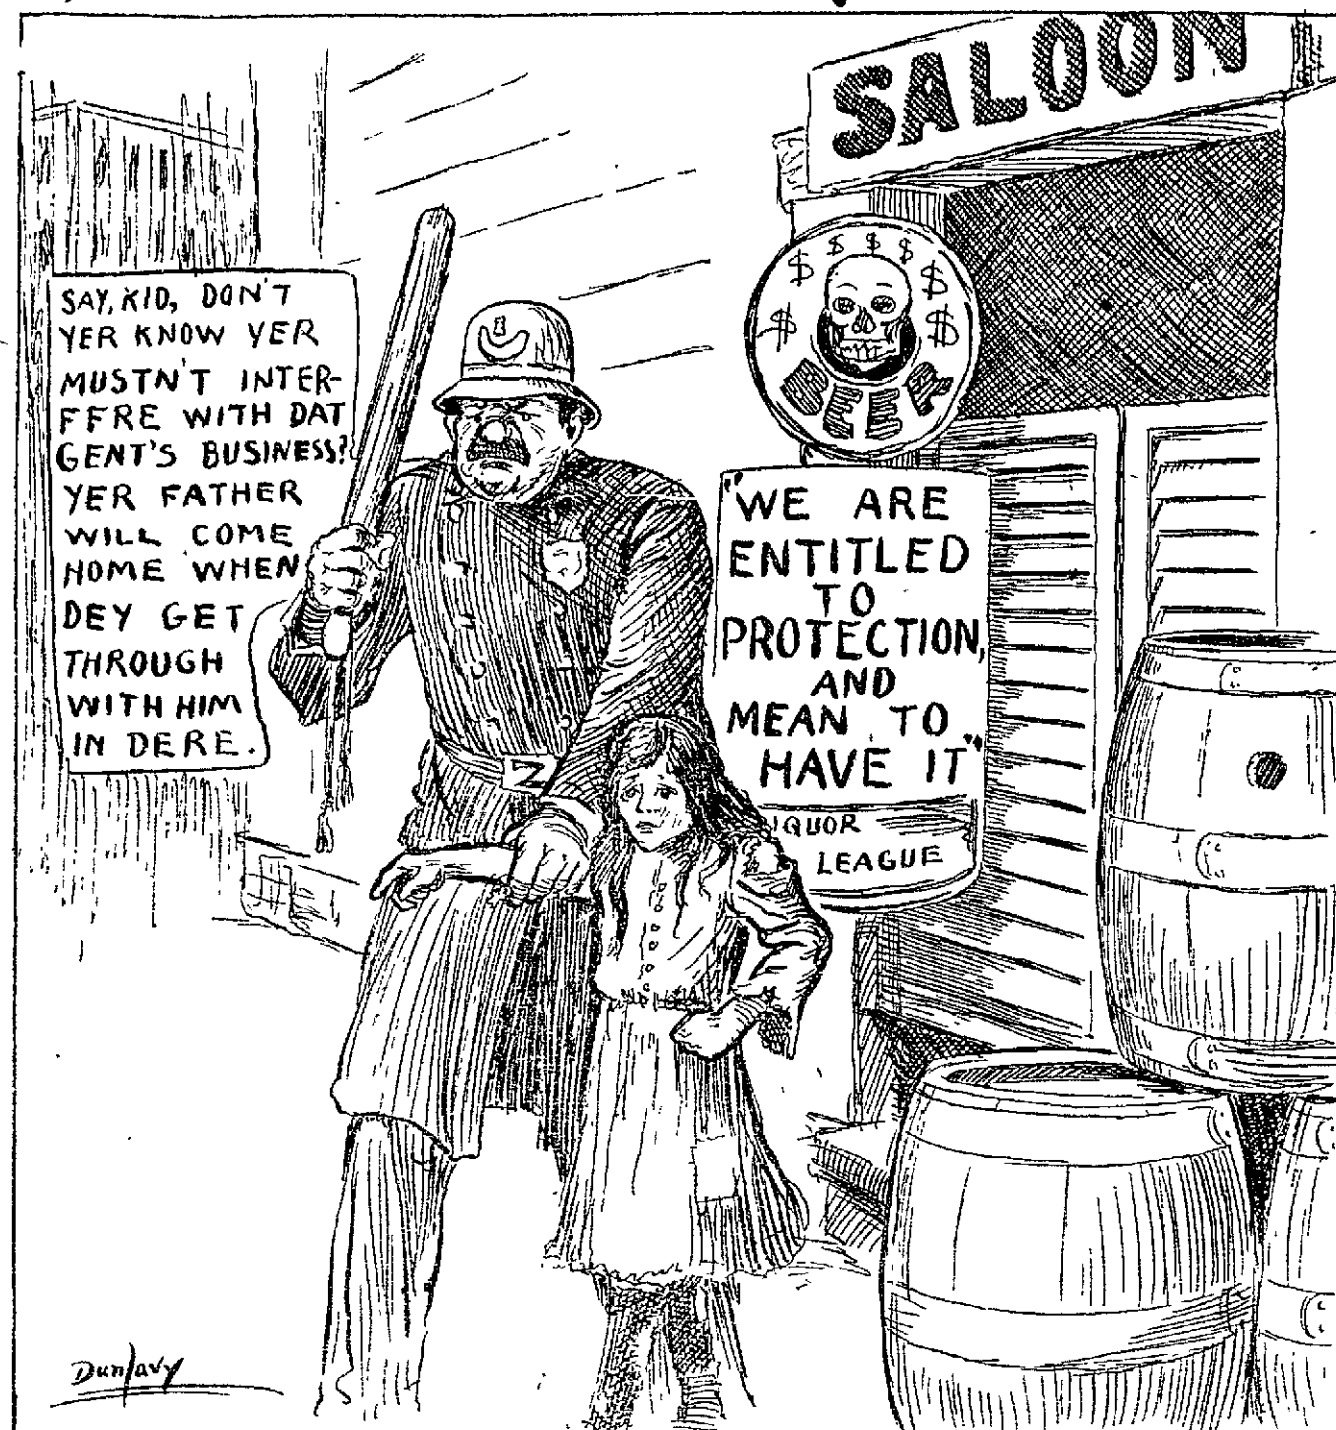

FIGURES QUOTED BY MR. STOCKING IN HIS SPEECH

County Commissioner Stocking of Painesville, Lake county, who addressed the Local Option meeting at

the Armory, Tuesday evening made the following statement: "The court records of Licking county, with the following results: Mr. Stocking found in going over the returns made to the county auditor by the assessors of Newark, that there were twenty or more of the merchants of Newark each of whom made a larger return of property for taxation on stock and fixtures than did the entire eighty saloons of this city. He further found that the creditors of Newark were not allowed to

in for taxation, in the city of Newark, with its eighty saloons and its thirty thousand population, amounted to \$152,600. And that the same item of credits for Lima township, Licking county, with a population of 2,500 and no saloons, amounted to \$275,400. This is just one more of the very many of what the liquor-selling saloons does to hold down the wealth of the city of Newark. Mr. Stocking is a man of affairs, and is president of the Ohio State Association of County Commissioners.

You'll Cripple the Police Force.

The so-called "Business Men's League," in which the average business man of standing in Newark is conspicuous only by his absence, has published the statement that closing the saloons will cripple the police force of Newark. What a great many people who either live in Newark or have to trade there would like to know is just what has so badly crippled its police force already?

Where were the Newark police several times on recent evenings when men, women and children who were exercising the citizen's right of meeting together for the public discussion of public questions were subjected to the ribald, profane and abusive language of representatives of a class of men who are unwilling to tolerate the constitutional principle of free speech on the public square of Newark?

We do not believe that any able bodied policeman really wants to stand by and see law and order trampled under foot so indecently without making an arrest. Evidently there is a string on him, pulling him back, and if the string does not run into the saloons, after going through the official hands of certain parties higher up, then Newark differs from every other saloon town in the United States.

As a police paralyzer the saloon beats every thing else clear out of sight, every day in the week. (adv)

ANARCHY FLAUNTED IN OUR FACES

Lawlessness, Corruption, Cowardice, Dishonesty, Perjury are the Fruit of the Un-American Saloon.

In the Tribune of Tuesday, under the head of "Futile Laws," appeared the following monstrous and daring statement, coming from the saloon keepers of Newark, and flaunted in the faces of law-abiding, home-loving, and loyal American citizens, this red-handed anarchist statement:

"The city of Newark cannot enforce existing laws with its present police force. It is extremely doubtful in view of the local unpopularity of prohibition, that many juries could be obtained willing to convict accused persons of the violation of a county option law."

Just imagine what the meaning and purport of such a statement as this must be, when coming from such notorious law defiers as the saloons of Newark. It means that there is a reign of anarchy here, which tramples all law under foot

and that the anarchists are strong enough to advertise the fact.

And, why cannot Licking county now enforce its laws? Because of the evil effect of the saloons upon the community. The statement exposes such a condition of intimidation that it becomes every thoughtful citizen to take heed lest the condition becomes such that it will cease to be a law-abiding people.

And is it possible that the licensed saloons have so affected our county that an uncorrupted jury of twelve men is impossible? If that condition is reached, we may well despair for our country's future, and the only way to prevent it is by the removal of this fester upon the body politic.

The saloons that have brought about this condition have shamelessly flaunted it in our faces. People of Licking county, take heed to your county's welfare.

THE SALOON MUST GO.

A WORD TO MR. EVERETT

Another Ruined Industry When "The Town Goes Dry"

Washerwoman's Trade Gone Forever When Men Take Their Money Home Instead of Spending It Over the Bar.

[Continued by One Who Knows] Industry that hasn't been represented as being ruined if this town should go dry (and it would be ruined to a frazzle) and that is the washer-

woman's industry, and just think what havoc that would make in all the money those poor women ever have for necessities and luxuries, too. Just think then how that would hurt the business men who have the washing machines and wringers and tubs and washboards, and buckets that these women have to use in their business. Just think of some saloon-keeper's wife might have to soil her lily white hands doing her own washing if this industry was ruined. Oh, the woes and trials and tribulations this town will see if it should go dry, but it is like the Queen of Sheba—the half has never been told.

Mr. Everett's says, he and the glassblower will go down in the same boat, but now, I wonder, if he would (for some money consideration) give those poor women life-preservers and let them hang on the tail-end of the boat? As they have always had the tail-end of everything they would not mind a little thing like that. But the washerwoman won't suffer from unjust taxation as they have nothing to be taxed for, but the most of them have paid a greater penalty than you boasted taxpayers. They have paid it with tears and heartache, and humiliations and disgrace. I would like to say to Mr. Everett, like General Grant said to the South, when they gave up their swords and guns:

"Turn your swords into plowshares and till your soil and gain an honest living." "Turn your beer bottles into something else and gain an honest living," and then you won't be asked to take your hats off to anybody." These poor taxpayers can talk money considerations but nothing else. They don't care a jot for the poverty and crime and wretchedness entailed by drink. They rather glory in it as they make bold to say that they are proud of Newark, with its present corruption. Now, I would not take off my dirtiest sun-bonnet to a man that said that. They don't want it any better in Newark and they know it. It just suits them or they would not put up the kick they do.

I have noticed this wave of prohibition from the start to the present time. The Bible tells us that the wicked flourish like a green bay tree for a season, but that their ways shall be turned up and down. What of all the prayers that have come up from wives and mothers in this town? Surely God will hear their cry for justice, and will save them from this dreadful curse. Men of honor, give us your vote and you will get your reward.

Yours, from one that wants justice

SALOONISTS TO NEWARK IF WET VICTORY COMES

Two More Local Proprietors Quit Business Yesterday—The Outlook.

The Zanesville Times Recorder of today, says:

Two more saloonists quit business yesterday, notifying the county auditor any paying the county at the rate of \$2.75 per day after November 23, the date of the renewal of the liquor tax. They were A. F. Kerker, who has conducted a stand on Market street for many years, and Albert Arnburster, who had two saloons, one on Market street and the other near the tube works.

Up to the present time 14 of the saloonists have cashed in and many more are expected to notify the auditor this week.

The 30-day time expires December 16, by which time all of the 80 or more places will have been closed, at for usual saloon purposes.

A Newark attorney who was in the city yesterday stated that three or four rooms in Licking county's capital were under option by Zanesville saloonists, in case the county voted wet, as they intended to move to Newark and start saloons if conditions were favorable. (Adv.)

Will Be a Great Success.

The High school bazaar, which opens its doors Friday evening at 5 o'clock, is for a worthy purpose and is deserving of patronage. Talk about a potpourri of good things—well, just drop in and see what they have got. There's going to be a swell lunch table, presided over by handsome young misses from the various

rooms, so come prepared to spend a couple of hours. An enumeration of the good things would require too much space, so come and take a peep for yourself.

Vaudeville at Bazaar.

Big vaudeville performance at the High school auditorium during the bazaar tomorrow evening. Don't miss it. It will be a cracker jack.

The Bazaar's Market.

Ladies, the market tomorrow evening at the High school bazaar is going to be the best ever. Come and lay in your supplies.

Beauty at the Counter.

Boys, don't forget that the lunch counter at the High school bazaar is going to be presided over by handsome High school misses. Cheap lunch, you bet.

Vaudeville at Bazaar.

Big vaudeville performance at the High school auditorium during the bazaar tomorrow evening. Don't miss it. It will be a cracker jack.

Position in Schools.

Prof. F. O. Orr, of the Jacksonstown schools, has accepted a position in the High school of this city. He will report for duty next week.

The Bazaar.

The High school bazaar will open its doors promptly at 5 o'clock Friday evening. You can get good luncheon there, or candy, buttered popcorn, fancy cakes, or by attending the market, have your choice of dozens of edibles for the table.

Dr. Thompson Ill.

Dr. W. O. Thompson, president of Ohio State university, and a former resident of Licking county, is seriously ill at Columbus, suffering from gall stones.

Shoot Bolin Well.

The Bolin gas well, in Perry county, appears good for a capacity of 2,000,000 feet. The territory will be developed extensively.

The Palace Rink.

Join the crowd and go to the Palace Rink tonight. A jolly good time is assured.

Big Masquerade.

There will be a big masquerade at the Palace Rink Tuesday evening. Fifteen dollars in prizes will be given away.

Pension Day Friday.

Friday is pension day, and the office of Probate Judge Brister will be kept open from 7 a. m. until 7 p. m. for the accommodations of the old soldiers and widows.

Interest in Juvenile Court.

Judge Brister addressed the Women's clubs and the Ministerial association at Pataskala Wednesday on "The Work of the Juvenile Court." There was a large attendance and the remarks of the judge were very interesting, as well as instructive. The judge's efforts in saving the boys and girls of Newark is greatly appreciated.

The New Test Well.

The new test well which is being drilled at the municipal water works plant, was given its final test, which was concluded at 3 o'clock Thursday afternoon. Thursday morning the volume of water registered was 20 gallons a minute. The test has been in progress for three days and nights. A quantity will be sent to the state board of health for examination.

Visiting Old Friend.

Mr. J. Wesley Cook, of Washington, stopped in the city to call on President Taylor, of the B. P. S., a personal friend. Mr. Cook is en route to Ogden, Utah, where he has been stationed as an auditing clerk in the government forestry station. Mr. Cook has just returned from the Philippines.

A Daughter.

Born, to Mr. and Mrs. Charles Thompson, of Vine street, a baby girl.

Arbuckles' Granulated

Sugar only 5c. per pound in any quantity wanted. CHOICE POTATOES in 5 to 10 bushel lots, 70c. and 80c. Cliff L. Sturgeon.

Important Meeting.

Newark Lodge, Knights of Pythias, will hold an important meeting this evening. They will confer the amplified third rank of knight with the latest up-to-date work. At the conclusion of the work a fine lunch will be served. There will also be an election of officers and the lodge will endorse the candidacy of Sylvester Beadle for the office of outer guard of the grand lodge. For the latter reason it is earnestly desired that every past chancellor attend the meeting.

Attracted Much Attention.

Garbed in all the gay raiment of an East Indian fakir, from turban to sandals, a stately looking individual attracted no little attention about the Pennsylvania station Wednesday evening. While the morning west-bound passenger spent its five minutes here, the swarthy native of the tropical clime strolled about the station platform. He carried with him a man and woman of evidently lower station in life, probably servants. All efforts to learn the identity of the man proved futile. He had a ticket from Philadelphia to St. Louis.

Small Fire.

Warren Keeran's barn, between Pine and Union streets, was slightly damaged by fire at 3 p. m. today.

Piano Lessons.

Mr. Frank Reynolds, teacher of piano 170 Buckingham street.

NINETEEN DAYS REMAIN

For Christmas Shoppers to Lay In Their Supplies of Presents.

Nineteen more shopping days remain before Christmas, and already the Newark shoppers are visiting the different stores to select their presents. The old adage that "the early bird gets the worm," applies especially to the Christmas shoppers and those that make the early selections get the best of the stock displayed.

The stores are already taking on a holiday appearance, and many windows show the tinsel and vari-colored effects that mark the approach of Christmas. The toys for children are numerous and pretty this year, with mechanical toys "getting the call" over the others.

The wise ones will shop early and by so doing they will not only get the clean, fresh goods, but they will also assist the clerks who, when tired out, cannot give their best efforts in the showing of the goods.

DYNAMITE WAS USED

CITIZENS OF PINE BLUFF TAKE MATTERS INTO THEIR OWN HANDS.

Explosion Tore Away Part of the
Levee and Allowed Flood
Waters to Escape.

Pine Bluff, Ark., Dec. 3.—The
sound of a tremendous explosion was
heard last night at 9:20 o'clock com-
ing from the point, one mile oppo-
site the city, where the current of
the raging Arkansas River is guided
against the city's levee.

Instantly the streets thronged with
people, who rushed out to learn
where the levee had been crevassed
in order to ward off further destruc-
tion. It was discovered that some-
one, unofficially, had set off the ex-
plosion.

Watchers at the shore declare the
stream has fallen slightly, which
gives credence to the belief that the
explosion was for the purpose of
tearing away that part of the levee
which the government refused to re-
move.

Early in the week the city appealed

to the government to blow up a crev-
assed levee in order to save the city
from the rising flood, which was un-
dermining the buildings along the
shore. The government refused, and
yesterday the citizens in mass meet-
ing decided to blow up the levee on
their own hook. However, last
night's act is not regarded as official
or ordered by the mass meeting, but
is believed to have been the acts of
one or two men who have taken the
matter into their own hands.

The Arkansas River was roaring
and beating against the back doors of
the Hotel Jefferson and the Jefferson
county courthouse at midnight. It
at away 25 feet of ground for a dis-
tance of three blocks, and threatened
to take away the rear wall of the big
hostelry and the \$100,000 annex to
the courthouse before daylight. A
big sales and livery stable owned by
the Berlin Brothers tumbled into the
river yesterday afternoon, while
thousands of sightseers stood along
the river bank.

The situation is distinctly better,
and if the fascines, or willow mat-
tresses, hold until tonight the danger
will be over.

ANOTHER SALOON SHOOTING AFFAIR

The Whiskey Sold by the Newark Sa-
loons Puts Murderous Impulses
Into the Men Who Drink It.

The common pleas court of Licking
county just got through this last
week trying a man for murder which
was committed in a saloon in Newark
while under the influence of drink.
The taxpayers of Licking county will
foot the bill for this big murder trial.
Ernest Terwilliger is in the county
jail awaiting trial for the murder of
his wife, committed while under the
influence of whiskey sold by the
Newark saloons. The taxpayers of
Licking county must foot the bill.

George Prokojan, who murdered
Mat Hurler, a colored man, while un-
der the influence of whiskey sold by
the Newark saloons, is in the county
jail, awaiting trial. The taxpayers of
Licking county must foot the bill.

And this "shooting whiskey" was
almost the cause of another tragedy
at John Wells' saloon, on South
Williams street, right next to the Jew-
ett car works, yesterday. A watch-
man from the car works went into
the saloon and Wells jumped onto
him about a bar bill which he
owed. One word brought on ano-
ther, until the man, who was crazed
with the vile stuff that Wells sells,
pulled a revolver and shot at Wells.
Several times, plugging two holes as
big as saucers in the immense pier
glass mirror behind the bar.

Neither the police nor the newspa-
pers of this city had anything to say
about this latest saloon shooting
scrape in Newark.

It was stated in Wells' saloon to-
day that they did not want to stir up
any trouble until after election, that
they wanted to keep the thing quiet
for fear it might have a bad effect on
the wet side, but that after the elec-
tion, Wells was going after the man
whom he had made crazy with his
whiskey and endeavor to make him
pay for the glass which was shot full
of holes by his own customer when in
a fit of drunken insanity.

Next Monday is the time for the
voters of Newark to rid their city of
these murder-breeding dens of vice.

THE SALOON MUST GO!

Vigorous Views on Prohibition

Mr. Peter Ott, of Mansfield, Interviewed for Newark Readers.

Richland County Escaped Big Tax Increase By Voting "Wet"—Pointed Reasons Why Licking County Should Follow Her Example.

Mr. Peter Ott, the well known horticulturist of Mansfield, was in Newark yesterday, and in the course of a conversation relating to the recent county option campaign in Richland county, expressed some decided views regarding prohibition and the operations of the Anti-Saloon league. Mr. Ott is the florist of the Baltimore & Ohio Railway system, and travels very extensively in the Middle West. He has many friends in Newark, and is well known throughout Licking county. He is a keen observer of events, and has studied the wet and dry question thoroughly in many counties of Ohio. He is seventy-four years of age, and a man of striking personality.

In the popular language of the day, Mr. Ott is "wet"—not in the sense of that term indicated by some of the perverted literature of the prohibitionists, but just "wet" enough to have led a temperance life, and one above reproach. It will be remem-bered that Richland county voted "wet" after one of the most strenuous campaigns in the history of county option.

Mr. Ott breathed a sigh of relief as his thoughts turned to that mem-orable contest.

"We are over it in Richland county, forever," he said. "It is not likely that the prohibitionists will ever make another assault on Richland county. We have settled the matter for good, but it was a narrow escape of the property owners of our county. The increase of taxes, if Richland county had gone "dry," would have been a very serious matter, indeed, and would have greatly retarded business, while placing heavy burdens on the farmers and home owners. In some towns of Richland county it was estimated that the increase of taxation in case the county should vote "dry," would amount to \$7.15 on the \$1,000.00.

"You cannot legislate people good," continued Mr. Ott. "If the whole country was theoretically 'dry,' there would be just as much strong liquor consumed as now, while it would be impossible to obtain lighter beverages like beer and ale, and the chief sources of the nation's revenue for all purposes would be cut off. Whenever a statute which conflicts with a natural law is enacted, that statute is a joke from the start. The trouble with our people is that a great many of them are living too fast, while others are trying to force upon the people unrea-sonable, sumptuary laws that are im-possible of enforcement. I owe my vigor and preservation at my advanced age to temperance, not to abstinence. I never eat unless I am hungry, nor drink unless I am dry, and al-ways quit when I have had enough. The literature of the prohibitionists is about as intemperate as anything I have ever seen. They printed a great quantity of misleading stuff in Richland county, and I see they are doing the same thing here in Licking.

To Stop a Cough In a Hurry.

Of all the "best things" to do for a cough, the following home-made remedy will be found by far the most effective. The sooner it is taken, of course, the better; but even deep-seated coughs usually yield readily after a few doses. Here is the recipe:

Granulated Sugar Syrup.....1 1/2 oz.
Pinex..... 2 1/2 oz.
Put the 2 1/2 ounces of Pinex (50 cents worth) in a clean pint bot-tle, and fill up with Granulated Sugar Syrup, made as follows: Take a pint of Granulated Sugar, add 1/2 cup water, heat and let boil just a moment. Take a teaspoon-ful every one, two or three hours, as required.

Simple as it is, there is positive-ly nothing better for the purpose. The recipe makes a full pint, enough to last the whole family a long time. Kept well corked, it never spoils. The taste is so pleas-ant that children take it readily without the usual struggle.

Pinex, as you probably know, is the most valuable concentrated compound of Norway White Pine Extract. It is rich in quinine and other elements which have made the pine woods of Norway famous in the cure of consumption. Your druggist has it, or if out of it, will gladly get it for you on request.

In making this recipe avoid the many weaker pine oil and pine tar preparations; use the real Pinex itself. Granulated Sugar makes the best syrup.

county. They gained nothing by it in our county, however, and I sincere-ly hope they will not do any better in Licking county."

STATEMENT

Of Fundamental Principles of the Gospel, As Taught By the Mormons.

Four elders, representing the Church of Jesus Christ of Latter Day Saints, more commonly called the Mormons (which is a nickname), are in Newark, and by permission of Mayor Atherton, are canvassing the city with pamphlets and books, explaining what we believe to be the fundamental principles of the Gospel of Jesus Christ.

Among these books is the Book of Mormon, which is a history of the pre-historic people who once inhabit-ed North and South America. These people were originally known by the names of Jaredites, Nephites and Lamanites, but to the modern student of archaeology they are known as Round Builders, Cliff Dwellers, Indians, etc. The Book of Mormon tells of their migration to this country, their rise in civilization until they rivalled ancient Troy in the splendor of their architecture, as the ruins of Mexico, Central and South America clearly show. It tells how the so-called American Indian branched from this higher civilization and became a dark and doathsome people. It tells the cause of this higher civilization's decline and fi-nal destruction. It tells of their religion and forms of government, of their great statesmen, generals and prophets.

This book was translated in the early part of the Nineteenth century by Joseph Smith, from the original records kept by this ancient people. He is not the author of the book, as some claim, but merely the transla-tor.

As many books and stories have been written about the Mormons, by people who have not understood our people or their religion, it seems un-ly fair that a brief statement be made to the people of Newark as to what we really do believe, that honest-minded people may learn both sides of the question and judge for them-selves whether we are right or wrong.

We believe there has been a grad-ual falling away from the true plan of salvation since the days of the Apos-tles, and that important offices and ordinances have been lost sight of. Hence, the true and complete church was taken from the earth. We can prove from the Bible that this was to be, and farther, we can prove that these ancient prophecies have been fulfilled, as can readily be seen in the contending creeds of today.

As ancient prophets spoke of this apostasy from the "straight and nar-row way," so also did they speak of a restoration of all things in the last days. We claim that this res-toration has begun; that God has re-vealed to man, in this dispensation, light and knowledge on principles of the Gospel that were lost sight of during the decline of the Church af-ter the Apostolic times; that He has restored His true Church to the earth again, and has commissioned new Apostles and Prophets to lead and guide the children of men in the path of truth and righteousness.

"We believe in the same organiza-tion that existed in the Primitive Church, viz: Apostles, Prophets, Pas-tors, Teachers, Evangelists, etc."

We believe that the same laws and ordinances are in force now that the

Savior delivered to His Apostles and that the same gifts and blessings do follow the true believer, as they did in former days.

We believe that faith is the first principle of the Gospel; (by this we mean a strong belief in God, the Eternal Father, and in His Son, Jesus Christ, and in the Holy Ghost, and in the plan the Savior preached for the salvation of mankind); that repen-tance is the second principle (this must be a forsaking of sin, with a determination to sin no more); bap-tism by immersion for the remis-sion of sins, is the third and the lay-ing on of hands for the gift of the Holy Ghost is the fourth.

We claim that little children do not need baptism until they arrive at years of accountability. That if they die before they get to that age, they are saved through the atoning blood of Jesus Christ.

We believe in the resurrection of the dead. That all will be resurrect-ed and stand before the judgment bar of God, to be judged according to their works. We believe there are many degrees in the Kingdom of Heaven, and each person will be placed in that degree his work mer-its.

We believe all mankind, except those who commit the unpardonable sin, will ultimately be saved in some degree or other, but only those who accept the Gospel and are bap-tized by one who has the proper au-thority to do so, can ever attain to the celestial Kingdom of Heaven.

We believe that those who have never had the privilege of hearing the true plan on this earth will have a chance to hear and accept or reject, in the spirit world.

"We claim the privilege of wor-shipping Almighty God according to the dictates of our conscience, and al-low all men the same privilege. Let them worship how, where or what they may."

We are not here to tear down, but to build up. We ask people to ac-cept nothing but the truth. We have nothing against any church or so-cietly. We do not agree with them on all points of doctrine, but respect them in their beliefs, as we expect them to respect us in ours.

I Can Cure Cancer

At Home Without Pain, Plaster or Operation and I Tell You How, Free.

I Have Proven Cancer Can be Cured at Home Without Pain, Plaster, or Knife.—Dr. Wells.

I have discovered a new and seemingly un-failing remedy for the deadly cancer. I have made some most astonishing cures. I believe every person with cancer should know of this marvellous medicine and its wonderful cures, and I will be glad to give full information free to all who write me and tell me about their case.

Peter Kessan, Galveston, Ill., had cancer of the mouth and throat. Doctors said, "no hope." Mr. Kessan wrote: "It is only a question of a short time—I must die." To-day his cancer is healed up and he is well. My marvellous radi-ated fluid did it. It has other just cures to its credit. It is so easy to write and tell me out, it will answer your letter promptly, giving you absolutely free, full information and proof of many remarkable cures. Address, Dr. Rupert Wells, 1201 Badoi Bldg., St. Louis, Mo.

BACKED BY \$100 REWARD

Voting Out Saloons Does Actually Lower Taxes.

There has never been a city or county or state that voted dry, in a normal financial year, that taxes were raised. If you know of one, write us. At the Columbus office of the Anti-Saloon League there is offered a reward of \$100.00 to any person who will cite a case in Ohio of a town raising the tax rate on account of voting out of the saloon. There are a great many saloon keepers now who would like to earn \$100.00. Here is an opportunity to do it. No one has claimed the reward because no place that can be found has raised the tax by voting out the saloon. Many have lowered it.

The Tale of Nine Towns

The following tables of the largest "dry" towns in Ohio show the net decrease in the tax rate after driving out the saloons:

Newcomerstown, O., dry.....	4.5 mills in 3 years
Athens, O., dry.....	.8 mill in 1 year
Washington C. H., O., dry.....	1.5 mills in 2 years
Barnesville, O., dry.....	3.05 mills in 7 yrs.
Wooster, O., dry.....	1.5 mills in 2 years
Wellsville, O., dry.....	2.4 mills in 3 years
East Liverpool, O., dry.....	1.2 mills in 1 year
Millersburg, O., dry.....	5.7 mills in 3 years
Jamestown, O., dry.....	4.4 mills in 6 years

We judge the future by the experience of the past. When saloons have been voted out taxes have decreased. When saloons are in (as the experience of Licking county shows) taxes have increased.

DELIGHTFULLY ENTERTAINED

High School Football Team and Substitutes Entertained—Perry Elected Captain for 1909.

The regulars and substitutes of the high school football team were delightfully entertained, Wednesday evening, at the home of Prof. Lloyd G. Milnor, 129 West Locust street, the coach of the team this season. An enjoyable supper was served and afterwards the boys had much fun in writing football poetry for a prize. Paul Collins and Stanley Wilson were the poets of the evening, and were awarded a prize.

A business meeting was also held, and Ray Perry, the clever center of the team, was elected captain for the season of 1909.

Those present were Professor L. G. Millisot, C. D. Carpenter, H. H. Scott, Walter Trittip, Harold Davis, Ned Miller, Ray Perry, Fred Warner, Lester Black, Emmett Ramsey, Leo Gleichauf, George Slane, Robert Ashley, James Cooper, Paul Collins, Paul Sachs, Paul McMillan, Stanley Wilson, Clyde Williams, Howard Fordyce.

DEBATES WILL BE HELD

Newark, Mt. Vernon and Coshocton Form a Debating League for High School Pupils.

A step has been taken by the high schools of Newark, Mt. Vernon and Coshocton that will alike prove interesting to the pupils and the residents of the different cities. For some time past steps have been taken to form a debating league with the three cities as members, but only recently were the final arrangements made.

One debate will be held in each one of the three cities each year, the debates being held in the three places the same night. This is made possible owing to the fact that each high school will have two teams, a positive and a negative team. The same subjects will be debated in the three cities.

The subject for the first debate has

FUTURE BRIGHT SAYS MR. ATHA

Local Option Election Will Not Kill Town As Some Claim—His Prediction In An Interview—City Will Soon Adjust Itself to New Conditions, He Says.

The Zanesville Signal of Wednesday, December 2, says:

"W. Hunter Atha, prominent real estate dealer and one of Zanesville's most enthusiastic and progressive business-men and local capitalist, does not believe that local option has killed or will kill the city, as was to be inferred from an interview, purporting to be from him, which was published in a local newspaper last week and which aroused considerable criticism in some quarters.

In view of the fact that those statements already published did not quite express Mr. Atha's views, The Signal is glad to publish the following authorized interview with Mr. Atha:

"Zanesville is not a dead town, nor will it be. I am too much of an optimist to think for a moment that the local option election will work any permanent injury to the city. It is my opinion, however, that the effects will be felt temporarily, as would those for any great change of a radical nature in any community. These effects may be noticeable for a period of six months perhaps, but you will find that the city has by that time adjusted itself to the new conditions. I have the utmost faith in the ultimate recovery, prosperity and general progress of the city.

AND WILL NOT SUSTAIN THE ENFORCEMENT OF THE LAW. In such cases the legislation usually is the result of agitation by the people in the country districts, who are determined to make their fellow citizens in the city better. The enactment of the law comes through the country representatives, who form a majority of the legislature but the enforcement of the law is among the people who are generally opposed to its enactment, AND UNDER SUCH CIRCUMSTANCES THE LAW IS A DEAD LETTER. THE CONSTANT VIOLATION OR NEGLECT OF ANY LAW LEADS TO A DEMORALIZATION OF ALL LAWS."

mate recovery, prosperity and general progress of the city.

"Zanesville people who were disappointed at the recent election should not feel pessimistic. I myself was an advocate of the 'wet' cause and I do not now wish to appear as though I was receding from that attitude one bit, when I say that I feel sure in a year from now at the farthest, this city will have forgotten that there was a local option election. I am no knocker. This is a good old city, and a local option election cannot and will not kill it.

"It was not my intention to have my name appear at all in this connection by the local press last week, particularly when the election was all over. I did lose a business deal as a result of it, and felt keenly disappointed, thereby, but as I said above, I am no knocker and will not let that influence me into saying things which may be considered pessimistic.

"After all, Zanesville is a very much alive city, and will continue to be alive, according to my opinion." (adv)

WILLIAM J. BRYAN.

The only vote ever cast by William J. Bryan on the question of prohibition WAS A VOTE IN FAVOR OF LICENSE, and was cast in his home city at an election which involved the question of the regulated saloon or the speak-easy, just as it is involved in Licking county today.

When taken to task by the Prohibitionists for his vote in favor of license, Mr. Bryan explained that he so voted, as he believed, FOR THE BEST INTERESTS OF THE COMMUNITY IN WHICH HE LIVED, and he believed the matter was a local question. He added, however, that his vote in Nebraska should not necessarily influence his political followers to vote the same way in their communities, but that all persons should consider the question of prohibition or license FROM THE STANDPOINT OF THE COMMUNITY IN WHICH THEY RESIDE.

It will thus be seen that both of the late candidates for the Presidency, William H. Taft and William J. Bryan, are on record—one in a public address and the other by his vote—AS OPPOSING IMPRACTICABLE PROHIBITION SUCH AS IS NOW SOUGHT TO BE INFLICTED UPON THE PEOPLE OF NEWARK BY MEANS OF COUNTY OPTION.

More Facts About Olive Oil

Cleanliness is a matter of especial interest to every consumer of food and medicine. In the manufacture of any oil, when the difficulties encountered are considered, the matter of cleanliness and absolutely sanitary conditions is of especial importance. There is no country where these matters are given so much consideration as ours, and no more conspicuous example could be selected than the home of "Sylmar" Brand Olive Oil. It was here a few months ago that an inspector after giving the entire plant and premises the closest scrutiny declared that in 20 years work as inspector this was the only plant of this kind with which he could find no fault. Such an example could not be found in any country importing Olive Oil here. On the contrary a little reflection would satisfy the thoughtful that antiently different condition exists. We sell "Sylmar" Brand Olive Oil exclusively.

A REPLY TO MR. EVERETT

While the citizens of Newark generally have the greatest consideration for Mr. Everett and other captains of industry of the great manufacturing plants which operate in our city to the mutual profit of the citizens and the owners of these plants, yet should they or ought they to be asked, upon the mere claim unsupported by any showing of facts, that prohibition in Licking county will ruin the bottle industry, to retain the saloons with their infinitely corrupting and impoverishing consequences? They cannot afford and ought not to be asked, to do so. Prohibition will not ruin increase the demand for bottles. The Everett company does not make barrels, kegs and schooners. The people are not called upon in this election to prohibit the manufacture of intoxicating liquors, as Mr. Everett in his published statement distinctly claims. The voting out of the saloon will merely prohibit the sale of intoxicating liquors within the county, which will be the end of the saloon business. People who persuade themselves that they must have beer, may get it—not by the glass over a bar, nor from speak-easies nor by boot-legging but in bottles by the case. While this will greatly diminish drinking, it will not prevent the consumption of beer within the prohibited territory. But it will rid the community of the saloon and its incalculable evils.

No man genuinely interested in the moral and material welfare of a community ought to have the unblushing hardihood to ask that community to keep the saloon for his individual and selfish gain. Is Everett acting the role of an enviable citizen when as against the public welfare he publicly offers to shoulder the responsibility of the moral degradation, the poverty, misery and character wreckage which the saloon fastens upon a community—solely that he may add to his already immense wealth? Is it reasonable for him to ask it or for us to consent to it? The great breweries, such as Anheuser-Busch of St. Louis, and Pabst of Milwaukee, in anticipation of the demand for bottled goods in dry territory, have purchased hundreds of thousands of bottles from this and other bottling establishments, where they have them stored to await this demand. The selfish interests of any individual, or of any one industry, must yield to consideration for the general good, and adjust themselves to conditions calculated to promote and maintain the public welfare.

The sacrifice on the part of this community which Everett demands for the purpose merely of adding to his accumulations is frightful to contemplate, and it calls for an emphatic and determined rebuke.

No sane man can for one moment believe that a dry vote in this little patch of territory on the map of the United States called Licking county, Ohio, can cripple the business of the American Bottle company with its chain of plants distributed over the state, much less ruin it.

The anti-saloon sentiment here is but an infinitesimal part of the great national moral warfare which is being waged against the saloon and its corrupting influences. The destiny of such an immense industry as The American Bottle company can not be controlled by the way Licking county votes. The claim therefore, that a dry vote in this county will ruin or even in itself seriously affect so enormous a concern is not only an absurd scare-crow but is unsupported by any known facts.

Mr. Everett has no sons, and, as we understand, does not intend hereafter to dwell among us. Hundreds of us have sons and cannot move away from Newark. Mr. Everett has made a fortune here and we are glad that he has. But we are profoundly sorry that in order to increase his possessions, he feels called upon to lend his influence to continue upon us the incubus of eighty or more saloons.

Other rich men have honored the place where their fortunes are made by building libraries, hospitals, parks. Is his legacy to us to be the saloon?

J. R. DAVIES,
WESLEY MONTGOMERY.

WHO HAS DONE GREATEST GOOD FOR NEWARK

Who Has Done the Greatest Good for Newark, Edward H. Everett or J. R. Davies and Wesley Montgomery?

I have anxiously waited for some courageous citizen to say a word in reply to the infamous attack on the man who has done more to build Newark than ten thousand of the ilk of his assailants. That Mr. E. H. Everett is responsible for the growth and prosperity of the North end of our city, is a fact indisputable as it is true that he has been the man willing to invest and risk his money in many undertakings which have been a benefit to the city and its people, and as it happened, it was profitable to Mr. Everett and his associates.

He has paid out hundreds of thousands of dollars in improvements, wages, etc., and no man can say aught against him as a man and a citizen, and what the Bible calls a true Christian—ready to help the needy, not only with a kind word, but with a few dollars or a substantial basket of necessities or a load of coal. Who can accuse Mr. Davies of ever doing anything for his fellow man that would cost him anything?

The other fellow whose distinction amounts to the building of a few houses which he has sold on the installment plan, is anxiously waiting for misfortune to overtake his victim so that he will miss a payment. Such as these are endeavoring to teach our citizens morality and "save our boys." They would have them sneaking up an alley or into some upstairs room, anywhere so they could not be seen. They would save the whole world in the same manner as long as it didn't cost them anything. Such as these are the men who would head off the growth of our city and provide a greater evil than we have.

TALK ON TEETH

SOMETHING YOU POSITIVELY HAVEN'T THOUGHT ABOUT IN THE NEW WAY TO CARE FOR THEM.

The best DENTISTS in this country say that more people have bad and decayed teeth than ever was known. WHY? Because they have taken too much liquid medicine or have chewed up or let dissolve in the mouth too many candy tablets or wafers, that contain medicine for moving the bowels.

If you want good, sound teeth, if you want to preserve the teeth you have, DO NOT TAKE LIQUID MEDICINE, and do not dissolve Candy Tablets in the mouth, if they contain bowel medicine.

CALOMEL also ruins the teeth and gums, it dissolves the bone the tooth is set in and the patient who takes calomel without the directions of a doctor is very apt to set up a condition that will in time destroy his teeth.

Dr. Edwards' Olive Tablets, the only successful substitute for Calomel.

Do not have to be chewed up or dissolved in the mouth. They are small, sugar-coated and easy to take. They do not destroy the teeth or leave a bad taste in the mouth and they do their work perfectly. They keep the liver healthy, the stomach sweet, the bowels active. LET THEM BE YOUR LAXATIVE. Let them prove what they can do and you will always keep them in your house or pocket.

MRS. RICE WILL SUE FOR DAMAGES

Woman Evangelist of New York Consults Attorneys Regarding Prohibition Attack On Her.

The prohibition managers capped the climax of their campaign of vilification last evening by publishing exclusively in The Newark American-Tribune a libelous and cruel attack upon Mrs. Marguerite Isabel Rice, the well known evangelist of the Christian church, who has lately been in Licking county making addresses under the auspices of The Business Men's and Taxpayers League. As a result Mrs. Rice is today in consultation with attorneys with a view to bringing suit for heavy damages against those who are responsible for the outrage. Mrs. Rice says that her chief grievance is not against the newspaper publishing the article, which was doubtless deceived as to its character, but she proposes to make those who inspired it suffer the consequences of their falsehoods. Mrs. Rice holds a certificate from

Mayor George B. McClellan of New York City as a preaching evangelist and also one from the Chief of Police of Chicago and various other cities. She has letters of endorsement from hundreds of clergymen in all parts of the country. She is and always has been a total abstainer from all kinds of alcoholic beverages, and it is a cruel falsehood that she had any trouble with any hotel in Newark. Any person interested may inspect Mrs. Rice's credentials by applying at the office of the undersigned association. The abuse heaped upon her is the last resort of the prohibitionists in their efforts to deceive the voters of Licking county by cruelties that do not even spare a woman's good name. MRS. E. T. RUGG HAS NARROW ESCAPE FROM INJURY

Thrown From Cab at Railway Station at Alexandria—Able to Continue Journey.

Mrs. E. T. Rugg of Hudson avenue, this city, had a narrow escape from serious injury in a runaway accident at the T. & O. C. railway station at Alexandria Tuesday evening. Mrs. Rugg was the only passenger from the incoming evening train from Newark to get into the hack that conveys passengers to the village some distance away. As the driver unhitched his horses they started running. Mrs. Rugg was pitched out the rear door of the carriage, alighting on her face and receiving numerous bruises and scratches, but no serious injuries. She was able to continue her journey and is expected home this evening. The driver of the conveyance missed his footing and fell between the wheels, being dragged for some distance before he was able to reach the reins and bring the frightened horses to a stop.

Conductor W. A. Sevey, who has quite a reputation as a sportsman, has just purchased a fine bird dog. This morning he left for McElroy's, on the Shawnee division of the B. & O. R. R. where he will try out the dog for the next three days. It is expected that he will come home with much game. His friends can leave their orders at Jacob Ankele's on South Second street.

The B. & O. R. R. Co. suffered a severe loss Sunday morning, when its round house, machine shop, and office records were destroyed by a fire in Bridgeport. The fire originated in a box of waste into which a spark dropped and the loss will exceed \$20,000. Much rolling stock, principally freight engines, was gotten out, but the heavy machinery could not be moved, nor could the office records and supplies.

The B. & O. shop men only worked nine hours a day on account of the appropriation running short on the last day of the month.

Mr. Peter Ott, the venerable florist for the B. & O. railroad, was in the city Tuesday morning. He has held his present position for the past twenty years, and has jurisdiction over all the gardens along his line of the B. & O. R. R. in Pennsylvania, West Virginia, Ohio, Indiana and Illinois. While here he commented on the weather, classing it as the most freakish that he had ever seen in all his long career. He said that all the usual signs of rain had failed and he was unable to account for it. Heretofore he has been able to accurately predict the kind of weather we would have some days in advance. Mr. Ott is 74 years old.

An advocate of the vegetarian diet has stated that the nut trees of the world are capable of supplying food all the year to the population of the globe.

The forest commissioner of New York has reported that 90 per cent. of the forest fires in that state were caused by sparks from locomotives.

Anty Drudge on Vaccination.

Health Department Doctor—"Give me your arm, Mrs. Malone, I have been sent to vaccinate you.

Mrs. Malone—On me arm? How will I be able to wash wid me arm the soize of a horse's leg?"

Anty Drudge—"If you'd use Fels-Naptha soap, you'd be able to do all the washboard rubbing necessary with one hand."

How much of Monday do you spend at the wash-tub? Far too long if you wash clothes any way except the Fels-Naptha way. One of the greatest blessings of Fels-Naptha soap is its quick action. When you use Fels-Naptha, a half hour's soaking in cold or lukewarm water will thoroughly loosen the dirt. While the clothes soak you are free to do other work. Then rub lightly, rinse and the clothes are ready for the line.

Fels-Naptha soap robs Monday of its drudgery. But it must be used the Fels-Naptha way—no boiling, no hot water.

Follow directions on the red and green wrapper.

VOTE OUT THE FOREIGN BREWERY SALOONS

WHO ARE IMPOVERISHING YOUR CITY BY TAKING \$275,000 FROM HERE EVERY YEAR.

Remember, Men of Newark, when you vote the crime-breeding saloons out of your city you are not putting 80 Newark men out of business.

Twenty-six of these establishments are owned by outside breweries who rob the city of Newark of \$275,000 or more per year of money which they take in for drinks and gambling. The bar tenders in these places are owned body, soul and breeches by the breweries whose swill they sell.

The Hoster's Columbus Associated Brewing Company, of Columbus, Ohio, own 11 saloons in Newark.

The Terre Haute Brewery Co., of Terre Haute, Ind., owns 6 saloons in Newark.

The Weideman Brewing Co., of Cincinnati, owns 4 saloons in Newark.

The Franklin Brewing Co., of Columbus, owns 5 saloons in Newark.

The Consumer's Brewing Co., of this city, owns 22 of the saloons here.

Out of the 80 saloons in the city of Newark only 32 of them are owned by private individuals. advt

INDIAN RUNNER WHO MAY RACE WITH DORANDO.

New York, Dec. 3.—Efforts are being made to match Tom Longboat, the Indian "distance" runner, against Dorando, the Italian, who defeated

Champion Hayes. It is possible that Schrubbs and three or four other champions and ambitious runners may enter the race, but if this is not arranged the Indian and the Italian probably will try conclusions in Madison Square Garden, New York, during Christmas week.

COSHOCTON INVADED BY BLIND TIGERS

"Dry" Dispensation in Neighboring Town Inaugurates Reign of Lawless Boozers.

In proportion to population the city of Coshocton voted "wet" by a larger majority than has been given by any city in Ohio, but this was overcome by the rural districts and thus a "dry" period of three years was forced upon the people of Coshocton against their will.

This condition has only prevailed in that city about two weeks, but the evil effects of it are already apparent. Two arrests for bootlegging occurred in Coshocton yesterday. As to the first case, the Coshocton Daily Age, of yesterday, contains the following:

"A blindtiger, operating full-blast, was caught in the dragnet of the police within speaking distance of the city hall at 9 o'clock, Tuesday evening. This is the first speakeasy raid since the new law went into operation in Coshocton, sixteen days ago. Five jugs and eighteen bottles were brought to light by a search warrant.

"Dan Lamma was locked up in the county jail, and his brother-in-law, Edward Stewart, was locked in the city prison. Stewart roomed at Lamma's home, which is in the upstairs of the room formerly occupied by Royer's saloon in the first building east of the city hall.

"Stewart was caught in the act of bootlegging a bottle of whiskey to Clayton Frederick, an employee of the Clark Ivory barn, in the alley back of the Mecca hotel building."

Just after the newspaper which contained the foregoing went to press yesterday, another speakeasy raid was made in Coshocton. A barber was found keeping whiskey for sale in his barbershop, and was beginning to do a thriving business.

These are the conditions against which the people of Newark and Licking county are warned by every consideration of honor and common sense. If this city is voted "dry," these conditions will prevail here. Nothing will be gained for temperance, and the city and county will lose the necessary revenue now derived from the saloon tax. (adv)

A WONDERFUL OFFER FOR REAL ESTATE

Peculiar Terms Upon Which a Prohibitionist Wants to Buy Residence Property.

The following advertisement appeared in the Newark daily newspapers of yesterday:

VOTE DRY
AND INCREASE VALUE OF
PROPERTY!

Man offered real estate dealer on square, in Newark, this week, \$500 more if county goes dry, and \$500 less if it votes wet, on a property valued at \$4,500.

H. K. EMERY, Dentist.

There is a peculiar story in connection with the foregoing specimen of unmitigated nerve. A certain real estate dealer of Newark had in charge for a lady who resides in this city a certain piece of residence real estate, which she offered for sale at \$4,500. Mr. Emery waited upon the agent and made him a wonderful proposition. He said that he would buy the property and pay \$500 more for it in case Licking county voted "dry" than if it voted wet; but when the agent tried to come to terms with him, Mr. Emery said that HE WOULD PAY \$30 A MONTH FOR THE PROPERTY, UNTIL THE PURCHASE PRICE WAS ALL PAID, AND WOULD PAY NOTHING DOWN. In other words, he was willing to pay a mere rental and then proposed that he should own the property at the end of a certain period.

The lady who owns the property very naturally turned this absurd proposition down. It would seem that Mr. Emery's only motive to making it was to concoct a weak advertisement for the last few hours of the prohibition campaign. (adv)

FUNERAL OF MRS. BAUMANN

SERVICES HELD AT THE GRIEF-STRIKEN HOME OF VICTIMS IN RAILWAY TRAGEDY.

Mr. Baumann, Who Was Badly Injured, Resting Comfortably, and Chances For Recovery Favorable.

The funeral services over the remains of Mrs. Mary Baumann of near Kerkersville, who was struck by a Pennsylvania fast mail train, Tuesday evening and killed, took place at the Baumann home, three-quarters of a mile from Kerkersville Thursday at 1 o'clock. The Rev. Mr. Steinbach of Columbus, officiating. Interment took place in the Kerkersville cemetery.

Reports from the bedside of Mrs. Baumann are exceedingly favorable, and his attending physicians state that he will recover from the accident in due time, although the shock of his wife's death is not lending any expediency to his recovery.

The injured man and his children feel keenly the sorrow that has come over them with the death of Mrs. Baumann, and it will be many months before the horror of the tragedy has passed from the minds of the neighbors of the community.

The large crowd gathered at the Baumann home at the hour of the funeral Thursday afternoon served well to testify to the esteem to which the family is held throughout the community.

When a man has nothing else to worry him he thinks about getting married.

OBITUARY

MRS. MARY DEEDHAM.

Mrs. Mary Deedham, the wife of Evan M. Deedham, died, Wednesday, at her home near the Licking-Knox county line, after a short illness due to bowel trouble. A DRY TOWN HELPED BUSINESS IN FRAZEYSBURG

**Saloon Advocates Are Trying to
Bottle Up the Truth and Keep
It From Being Known.**

**Saloon Advocates Are Trying to
Bottle Up the Truth and Keep
It From Being Known.**

It is surely poor judgment for those who wish to see the saloons continued in Licking county to be continually resorting to misstatements in the hope of hoodwinking the public into voting their way. The statement, so often repeated, that to dry Licking county is to hurt the gas business is so far from the truth that no honest man, knowing the facts, could use it. Let us look at the facts. And these facts are easily verified. There are about 150 million feet of gas a day produced in the county. And there are about two and a half million feet a day used in the bottle works of this city. Or, there is less than 2 per cent of the county's gas used in the bottle business.

And yet the saloon advocates would have us believe that if this country goes dry, and a few 'ess beer bottles be made a day, so that the hundredth part of this two per cent of gas is not consumed in the bottle works, the gas of the country will be a drug on the market.

The folly and pettiness of such a statement is surely clear to every one who sees it.

Nor is this all the showing on the gas question. The Ohio Fuel Supply company is at this moment jerry-manding contracts to the amount of a million dollars to enlarge and extend their plant throughout the state, in the face of the fact that three-fourths of the wells are now dry. And a large part of the gas in this county is piped

The gas in this county is piped from the remains of the Ohio Fuel Supply company and distributed to Cincinnati, Chicago, Pittsburg, and other large consuming points. And should this county produce ten times as much gas as it now produces, and the wells should continue for a hundred years, the Ohio Fuel Supply company alone could handle every foot of it, and pay well for it.

And, speaking more generally, and considering the area covered by the Ohio Fuel Supply company, we say, emphatically, that the bottle works of Newark, either running full blast or shut down, would not affect the gas business one iota. It does not consume the one hundredth part of one per cent of the gas produced and pumped into the different gas mains of this country.

Nor is even this the last word to be said in the matter. There are enough poor families in this state (poor because of drink) who if the saloons are voted out, and they have the money with which to buy and pay for gas in their homes, would use ten times the gas that is now consumed by the bottle works.

But there is another word to be said about the gas and glass business of this county, which the advocates of the saloon have carefully avoided. It is this: The bottle works of this city installed twenty-seven machines to take the place of the hand glassblowers, and has hired cheap labor to operate the machines in the place of the highly paid, efficient glass blowers. This, and not the wet or dry question, has made the difference in the weekly pay roll at the bottle works. And every glass blower in Newark knows this is the truth, and knows, furthermore, that the glass blowers are down and out forever on account of these machines. This was a fact well known to everybody connected with the glass industry long before Jackson county ever thought of drying itself.

The Businessmen's and Taxpayers' League of Lick- necessity of manifesting a ing county urge upon all persons the propriety and spirit of fairness, and regard for law and order during the county option campaign throughout the county. Some unfortunate incidents have occurred on both sides of the controversy, and they must be greatly deplored by all persons who have at heart the best interests of the city and county. This association earnestly hopes that there will be no repetition of them.

Let public order be preserved and a fair and open hearing be given to all public speakers on both sides of the question at issue. This association is endeavoring to conduct a clean and honorable campaign, both in the public press and on the stump, and it solicits universal cooperation in making the remainder of it worthy of the good name of Newark and Licking county.

Respectfully submitted,

Suit of J. S. Jones Asking That Trustees be Enjoined From Disposing of Properties

Some time ago Mr. J. S. Jones, the well-known wealthy coal operator of Granville, and who is extensively interested in various railroads, commenced suit in the United States court against George J. Gould, Jos. Ramsey, jr., The Union Trust Co., of Missouri; James P. Blair, Edward Fulton, the Little Kanawha Railroad Co., the Parkersburg Bridge and Terminal Co., the Barnesville & Eastern Railroad Co., the Buchanan & Northern, the Zanesville, Marietta & Parkersburg Railroad Co., and the Marietta, Cleveland, & Columbus Railroad Co.—all being interested in what was known as the Little Kanawha syndicates.

Jones said the trustees of a \$7,000,000 fund to control these properties were not properly administering their trust and he asked that that be enjoined from disposing of any of the properties.

Mr. Jones failed to prosecute the case and Judge Sater of the United States court has dismissed the suit, which has been watched with must interest.

MR. E. H. EVERETT OFFERS \$500 A YEAR TO ENFORCE LAWS ON LIQUOR TRAFFIC

Glass Manufacturer Replies to Card of Mr. Montgomery and Mr. Davies--He Reiterates His Letter of November 30.

Newark, Ohio, December 3, 1908.

In ignoring that part of Mr. Montgomery and associate's letter that has personal reference to me, I am obliged to ignore the greater part of their communication. By their strong insinuations I may now consider myself an outsider.

I quote as follows from their letter:

"People who persuade themselves that they must have beer, may get it—not by the glass over a bar, nor from speak-easies, nor by boot-legging, but in bottles by the case."

I am not sure as I understand correctly the object Mr. Montgomery and associate had in mind in giving me, and the people to understand that if Prohibition carried, the American Bottle company would sell more bottles and consequently make more money. Why did they not add the fact, that on all this bottled beer and liquor shipped into Newark, Licking county will not realize one cent of license revenue, but the county from which it emanated, whether it was shipped from the brewery or saloon, would realize the license revenue on these liquors that were consumed in Licking, a neighboring county.

With Newark and Licking county flooded from the outside with the bottled beer and whisky and other liquors, we surely cannot be expected to be so innocent and credulous as to concur in the opinion advanced by the Advocates of Prohibition, that this liquor will be purchased only by good and law abiding citizens of Newark for home consumption. Is it not natural that considerable of it will get into other hands and other channels? You will then see drunken men on the streets. This prohibition regulation will not do any more, if as much, to save them, than our present laws, if properly enforced, in my opinion. And then again, I think the majority of our citizens agree with me, that to arrest and prosecute the illicit sellers of liquors (which can be so easily obtained) will entail extra cost for police, etc., with the present source of revenue entirely eliminated.

I again quote:

"The people are not called upon in this election to prohibit the manufacture of intoxicating liquors, etc."

I suppose this statement is made hoping to fit the case of the brewery in Newark where beer is manufactured. If this is the case why did they not state farther, that whereas the brewery could manufacture the beer under the present law, but they could not sell it, except possibly, in quite a devious and questionable manner.

They say that large breweries have placed orders in anticipation of the rush to fill the demand in prohibition territory. The facts do not justify such a statement, but what an argument from prohibition advocates, even admitting their statement correct.

The American Bottle company depends very little upon the bottle trade of Licking county to operate their factories. In this Mr. Montgomery and associate are correct, as the American Bottle company's business extends over the entire United States, and as I stated in my original communication, some of these states are now prohibition, as also many of the counties in other states, therefore, very little of the money that pays for the labor employed by the American Bottle company emanates from Licking county, as comparatively all of it comes from states and counties remotely removed from Licking county.

The majority of this vast amount of cash is distributed from Licking county through the medium of labor, skilled and otherwise, employed by the American Bottle Co.

They seem to have overlooked this important fact in bringing up this business question.

I can hardly bring myself to believe that this letter of Mr. Montgomery and associate was intended to be construed as an answer to my letter of November 30th, and I am quite of the opinion that the public has had its share of this letter writing on both subjects. I am not built for it, and lack experience, and might unintentionally do a just cause injury, and allow me to say Mr. Davies, your efforts in this direction have not been crowned with success.

Letting it go at that, I will devote the balance of this communication to the voters of Licking county.

I am very glad to say that in this effort to defeat prohibition I am doing so entirely in a personal capacity, not even in consultation with any one else, directly or indirectly, much less in connection in any way whatever with any liquor league, or leagues, or with liquor representative or representatives.

What I have previously done, and what I shall continue to do up to the time of this election to defeat prohibition, will be done at my personal expense and efforts with the assistance of men directly connected with me in business in Newark, and who have been so for several years, all conceded to be good and worthy citizens of Newark, with the moral as well as the material prosperity of Newark at heart.

Since my communication of November 30th, I have seen no reason to change my position as there outlined. Any communications or arguments made against it by any one has not lessened the force of this letter, but strengthened it.

I do want to see as near as possible, a morally clean city, and one conducted on good business lines. I think we could probably use more care and discrimination in selecting our candidates for office and in our efforts to elect the right man, after which to see as near as possible that the laws are carried out.

With this object in view I am pleased to state, that if at the election of December 7th, prohibition is defeated, I will in that event guarantee Five Hundred Dollars (\$500.00) per year, for the term of three years, to pay, at least to a certain extent, a capable man (preferably an attorney) to make it a special part of his business to see that the laws effecting the liquor traffic are enforced.

These three years would afford the allotted time for our neighboring counties to demonstrate in a practical manner whether this prohibition law was more worthy than it appears to us at the present time, and in the meantime Licking county would be the gainer by taking this conservative course, than by rushing headlong into the unknown.

I reiterate my letter of November 30th, for I will be proud if after December 7th, we can say: "Licking county repudiated prohibition."

Believing that this course we are taking will result in decidedly improved conditions, at the same time promoting the cause of true temperance, and be of more individual pride to the citizens of Newark than this prohibition law, that does not prohibit.

Yours sincerely,

EDW. H. EVERETT.

AMUSEMENTS

THE PRESS AGENT SAYS:
For Wednesday, December 9, matinee and night, we are to have R. F. Outcault's famous cartoon creation, "Buster Brown," offered with a company headed by Master Rice, so thoroughly imbued with the artist's spirit of "Buster" that he seems the character in every quip and quirk. Master Rice is an artist in the fun-purveying field. The entire production is new in costume, scenery, effects, music and songs this year. A third and elaborate edition of the real musical comedy hit of this decade.

Last night "Mr. E. Z. Mark," was the offering at the Auditorium, and pleased a larger audience. Tonight they produce "Man From Mexico," a comedy drama of western type. The story and interest is one of intensity, striking in dramatic action and climaxes. There is a romantic love episode that is as refreshing as a rose. The play is one of the best of its type and has stood the test of time. It is one of the strongest they have yet produced. Prices, 10c, 20c, 30c and 50c.

NEW BILL AT THE ORPHIUM.
For the last three days of the current week, Manager Moore announces an entire change of bill, and he states that included in the acts are two of the best that have ever appeared at this family theater. They are Billy Beam, the thinnest thing in Vaudeville, and Billy Window, the Colored Nurse Girl. While Billy Beam is heard all through his turn, Mr. Moore says that it will require a high power opera glass to discover physical presence.

Billy Window is known on the high grade vaudeville circuits as the best mimic of the day, and readers of out of town papers will surely come to see him.

Albertous and Alterous, head and hand balancers, are also to appear, being a male and female team of exceptional merit. Burke's Educated Dogs close the professional bill, but Mr. Moore's new song, "Roll Around" will be as pleasing as usual.

Wm. V. Francis was awarded the 42 piece dinner set last evening, but there are four more of them to be given away this week, and one of you will be lucky.

COURT NEWS

Transcripts Filed.
A transcript for the criminal docket of M. O. Nash, in the case of Ohio vs. Gerald W. Howard, has been filed with the clerk of the court. Howard was arrested on complaint of Odessa Atherton, Gertrude Harris and Lulu Lutz, on a peace warrant, and he was bound over to the common pleas court in the sum of \$200.

A transcript from the criminal docket of Mayor Atherton's court in the case of Ohio vs. Lee Stickle, charged with assaulting and robbing Amzie Carmichael of a watch, has been filed with the clerk of the court. Stickle was bound over to court.

Answer and Cross-Petition.
In the case of J. C. Marriott as receiver, etc., vs. Pleasant G. Miller, and others, Clara E. Miller, one of the defendants, has filed her answer and cross-petition. She asks that the value of her share interest in the property of her husband's, Pleasant G. Miller, be decreed to him in money out of the product of the sale and that the purchaser's title to the real estate be freed and cleared from her claim in case such alliance is made.

No Marriage Licenses.
"There hasn't been a single marriage license issued for five days," said the court reporter to Judge Brister, Thursday morning. "Of course not," said the judge. "Did you ever hear of a single marriage license being issued?"

Original Petition.
An Advocate reporter was shown the original petition filed with the county auditor on December 23, 1872, praying for the incorporation of the village of Hanover. The petition is signed by James W. Taylor and 51 other residents of the place.

REV. G. R. GOSNELL GIVES BRIEF OPINION ON PROHIBITION

Prohibition has caused a great deal of excitement through our district. The passing of the papers for signers for election has caused more hard feelings than any election in years. Those that would not sign the papers were charged with opposing the temperance movement. What the trouble is, they do not understand that Prohibition is not temperance.

I do not approve of Prohibition speeches on Sabbath evening, especially by ministers of the Gospel.

I have been a temperance man all my life, seeing a great many exciting times. If this is called a temperance question, temperance means moderation.

I think a great deal more of the Beall Local Option Law than I do of the Rose County Local Option Law. Let the Townships, Towns and Cities settle the question of Local Option

for themselves. I do not think it right for the Rural Districts to vote down the City, contrary to the wishes of the City.

Prohibition in the place of temperance is a farce. The Anti-Saloon is not sincere from one end to the other. Bad men are in it; men are going around telling the people to have the county go dry, it will not raise the taxes, deceiving the people with a falsehood. This is not right; deception is a crime of itself.

I stated above that deception is a crime. Preachers at Johnstown and other places told the people to vote for Harris. Thank God, that if Harris did join the Anti-Saloon League, he got left.

Finally, as a temperance man, I will vote Dec. 7th against Prohibition. G. R. GOSNELL. R. F. D. No. 2, Granville, Ohio. adv.

ZANESVILLE FACES A BIG DEFICIT

City Council Trying to Escape Bankruptcy Threatened by Prohibition.

Zanesville has only been "dry" a few days, after having been voted so notwithstanding the large majority given against prohibition in the city. And although this "dry" experience is indeed brief, it has already produced ominous results.

The city council of Zanesville is at its wits' end to devise some means of making up the loss of \$41,000 formerly derived from the saloon tax. A meeting of the council was held last Tuesday evening, when this matter came up for consideration. The proceedings were reported by the Zanesville Times Recorder of Wednesday.

About a hundred business men were present to discuss with the council the subject of raising revenue. Attorney C. T. Marshall asked what the general deficit would be for the year, and was informed by the chairman that it would amount to \$41,000.

It was suggested that the police force would have to be reduced. Mr. Marshall said that the city patrol wagon might be dispensed with and thus save several thousand dollars annually. He also urged cutting down the cost of street cleaning. He recommended that the removal of garbage should be made a charge on the property owners, as that item costs the city of Zanesville \$2,600 annually.

To this suggestion Councilman Rock stated that if it was carried out, the city would have to employ more sanitary officers than policemen, in order to make the people comply with the regulation.

Mr. C. A. Maxwell, former city solicitor of Zanesville, declared that the council should quit appropriating money for street paving.

Mr. F. S. Cary suggested that the horse and carriage used by the chief of police might be dispensed with.

And so the debate went on. Various measures of reducing the efficiency of the public service were considered, but nothing definite was done.

The disaster that has fallen upon Zanesville by voting "dry" will be duplicated here in Newark, if Licking county goes the same way. There can be no escape from it. Zanesville should be a warning to Newark and Licking county, and if our people will only consider that warning, they will repudiate prohibition at the polls next Monday by an overwhelming majority. adv.
